4.1.1 Use-specific instructions for use

Always read the label or leaflet before use and follow all the instructions provided.

Post-it product:

Take out the product from its packaging. Handle the product by touching only the white edges. Do not touch the yellow-printed part of the product.

Peel off the adhesive layer and stick the post-it into a drawer. Each post-it covers a standard drawer volume (0.05 m³). Adapt the number of post-its according to the volume of the drawer to be treated.

A full efficacy against larvae is reached after ca. 2 weeks.

Treated drawers should be kept closed as much as possible so that vapour levels are maintained to provide maximum effectiveness. Repeat application only if necessary. Wait 3 months before the subsequent application. Max. 4 applications/year.

Accordion-style paper sheet:

Take out the product from its packaging. Hang the product on the clothes rail by touching the white edges. Do not touch the yellow-printed part of the product.

Apply 1.5 sheets per m³ of wardrobe. Adapt the number of sheets according to the volume of the wardrobe to be treated. The sheet can be split along the pre-cuts.

A full efficacy against larvae is reached after ca. 2 weeks.

Treated wardrobes should be kept closed as much as possible so that vapour levels are maintained to provide maximum effectiveness.

Repeat application only if necessary. Wait 3 months before the subsequent application. Max. 4 applications/year.

The users should report to the authorization holder if the treatment is ineffective.

4.1.2 Use-specific risk mitigation measures

Keep out of reach of children.
