Betreft Additional source for the active substance propiconazole
Wolsit KD 10 (11727 N), 20145351 B-AW

Dear Mrs. Scholle,

The propiconazole source of Janssen has been evaluated by ECHA and is considered as technically equivalent compared to the reference source.

Ctgb agrees with the new source for the active substance propiconazole.

Name and address manufacturer:
Janssen PMP, a division of Janssen Pharmaceutica NV.
Turnhoutseweg 30,
B-2340, Beerse,
Belgium.

Yours faithfully,

The Board for the Authorisation of Plant Protection Products and Biocides,
on behalf of these:

dr. ir. L.P. van Duijn
