

BPR Implementation

Policy perspectives

ECHA Biocides Stakeholders' Day
24 September 2014

Pierre Choraine
European Commission
DG Environment, Unit A.3

Budget & Fees

- **2014-2020 MFF**
- **ECHA's annual budget**
- **ECHA Biocides Fee Regulation**
- **MS Fee Regulations and resources**

Active substances

- **Review programme**
 - 50 opinions per year
 - CLH process
 - Completion by 2024
- **New Review Programme Regulation**
- **In situ generated active substances**

Biocidal Products

- **Union authorisation**
- **Mutual recognition**
- **Rodenticides**
 - **Report on RMMs**
 - **Approvals and authorisations renewals**
 - **EU comparative assessment**
- **R4BP**

Treated Articles

- **Restrictions when major concern identified**
 - Exclusion criteria are met and derogation granted
 - Nature of critical effects and pattern of use
- **Specific labelling required in certain cases only**
 - A use is not approved
 - Serious concern (e.g. skin sensitizers cat. 1A/1)
- **Complex Articles**

Sustainable Use

- **Report by July 2015**
- **Key considerations**
 - **How to promote products with a better profile for the environment or public health?**
 - **How to monitor use?**
 - **How to promote best practices to inform end-users on risks and RMMs**
- **Possible legislative proposal**

Final considerations

- **Article 3(3)**
- **MRLs**
- **SMEs**
- **Guidance on data sharing, letters of access and on establishing and managing a consortium**
- **Enforcement**

Thank you for your attention
