- Confirmation
- Successful submission
- Follow-up on waiver request
- Conclusions

Waivers

- Waiver requests must be made from within the ePIC system
- Can be proposed immediately after submitting notification, if needed → OECD waivers
- Only one waiver proposal at a time
- Document justifying waiver proposal must be attached
- Not applicable to chemicals in Annex I Part 1 or articles as there is no explicit consent requirement

Types of waivers (1/2) - OECD

OECD waiver:

- Applies to chemicals listed in Annex I Part 2
- The importing country is an OECD country
- RIN-specific
- Can be submitted any moment in time after submitting notification

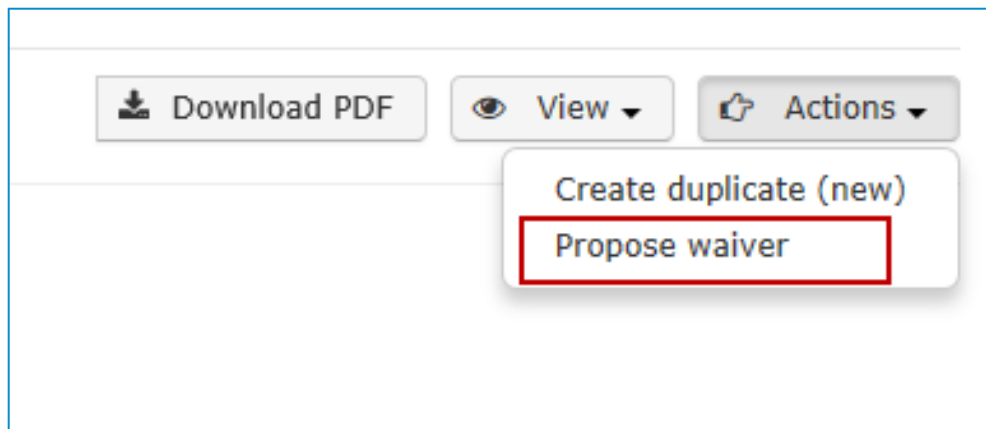

Types of waivers (2/2) - standard

Standard waiver:

- Applies to all importing countries
- Valid for maximum 12 months
- Should only be submitted 60 days after an explicit consent request has been made by the DNA

Propose waiver (1/4)

- Waiver must be proposed from within the export notification
- It is proposed from the 'Actions' menu

Propose waiver (2/4)

Export Notification - Propose Waiver

✓ Submit

✗ Cancel

RIN:

1ZKF9EF3WI

Substance name:

4-aminobiphenyl and its salts (Part 2 of Annex I)

Importing country:

Canada (OECD country)

Waiver Type:

OECD - This waiver can be proposed only when exporting Part 2 chemicals to OECD countries.
