Objective: Conceive and manage the pilot project on classification of mixtures including detergents and cleaning products

Mandate:

1. Develop the criteria for national example cases on mixture classification that go beyond standard summation or additivity approaches for the execution of the pilot project
2. Consider whether the WG needs to collect input from ASOs or COM, and if so, liaise with the ASOs or COM to obtain it
3. *Confidential: explore the ongoing developments regarding the bridging principles and expert judgement (in CLP revision, the UN GHS, expert group outputs, ECHA guidance) and inform the Forum if there are immediate developments that affect the project*
4. Management of the analysis of the cases on mixture classification as submitted to the WG
5. If needed, follow-up the assessment phase of the pilot project with supplementary analysis of national cases on mixture classification as submitted to the WG
6. Elaborate a project report including a guidance for national inspectors focusing on the challenges/biases in the interpretation of CLP and mixture classification
7. Prepare and conduct a remote workshop for ECHA ASOs to discuss the project results and recommendations for the industry

Timeline:

- Preparatory phase: January 2022-June 2022
- Analysis of submitted cases: July 2022-December 2022
- Drafting of project report/guidance: February 2024;
- Follow-up: March 2024.
