**Subject: ECHA/2009/40: Multiple Framework Contract with reopening of competition and division into 10 lots for provision of IT consulting services, awarded through an open procurement procedure**

### **CLARIFICATION 10**

In a clarification for an earlier ECHA call for tender where, like this present one, a wholly separate offer must be provided for each lot, ECHA stated: "If the administrative proposal for one lot contains at least one set of originals of the eligibility and exclusion criteria documentation, the administrative proposal for another lot may include only copies of those documents, on the condition that a clear reference is made to the lot for which the administrative proposal contains the originals of those documents." Can you please confirm if a similar concession will apply to this call?

*We do confirm that the way of presenting the tender described above is also acceptable in this procurement ECHA/2009/40*
