CLARIFICATIONS 2

**Open call for tender ECHA/2011/111
Framework service contract for provision of audiovisual services**

Question 2.1:

If we send our tender by courier service, I note that the date of the deposit slip serves as evidence of timely submission (page 1 of the Invitation to Tender). Can you confirm that this means that if the date on the deposit slip is the same as the deadline date (15/08/2011) that our tender will be deemed to have arrived before the cut off deadline? In other words, if we send our proposal to you by courier on Monday 15th August that is ok – even though you will not receive it until the next morning?

Answer:

Yes. We confirm that your tender will be considered as timely submitted if the courier deposit slip shows that the tender was handed over to courier services 15/08/2011 at the latest.
