### 1.2. Authorisation holder

**Name and address of the  
authorisation holder**

Name	Deisa Ebano s.p.a.
Address	via Collamarini 27 DEISA EBANO SPA 40138 Bologna Italy

**Authorisation number**

it/2021/00780/aut

**R4BP 3 asset reference number**

IT-0015038-0000

**Date of the authorisation**

22/11/2021

**Expiry date of the authorisation**

04/11/2029

### 1.3. Manufacturer(s) of the biocidal products

**Name of the manufacturer**

ALA S.r.l.

**Address of the manufacturer**

Via R. Vastola 5 80040 Poggiomarino (NA) Italy

**Location of manufacturing sites**

Viale J.F. Kennedy 127 50038 Scarperia (FI) Italy

### 1.4. Manufacturer(s) of the active substance(s)

**Active substance**

1320 - Ethyl butylacetylaminopropionate

**Name of the manufacturer**

Merck S.L.U.

**Address of the manufacturer**

Calle Maria de Molina 28006 Madrid Spain

**Location of manufacturing sites**

Polígono Merck 08100 Mollet de Vallés, Barcelona Spain

## 2. Product composition and formulation

### 2.1. Qualitative and quantitative information on the composition of the biocidal product

Common name	IUPAC name	Function	CAS number	EC number	Content (%)
Ethyl butylacetylaminopropionate		Active Substance	52304-36-6	257-835-0	10
Ethanol	Ethanol	Non-active substance	64-17-5	200-578-6	25

## 2.2. Type of formulation

WI - Wipes

## 3. Hazard and precautionary statements

### Hazard statements

Flammable liquid and vapour.

### Precautionary statements

Keep out of reach of children.

If medical advice is needed, have product container or label at hand.

Read carefully and follow all instructions.

Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. - No smoking.

In case of fire: Use carbon dioxide, foam, powder and water spray to extinguish.

## 4. Authorised use(s)

### 4.1 Use description

#### Use 1 - Insect repellent for adults and children over 12 years

### Product type

PT19 - Repellents and attractants (Pest control)

### Where relevant, an exact description of the authorised use

ZZS35 is an insect repellent used by the general public in temperate areas, to repel mosquitoes, tiger mosquitoes and adult ticks.

### Target organism(s) (including development stage)

Scientific name: Culicidae:  
Common name: House mosquito  
Development stage: Adults

Scientific name: Culicidae:  
Common name: Aedes mosquitoes  
Development stage: Adults

Scientific name: Ixodidae, Iodex ricinus  
Common name: Ticks  
Development stage: Adults

**Field(s) of use**

Indoor  
Outdoor  
Product can be applied outdoor and indoor in well ventilated areas.

**Application method(s)**

Method: Manual application  
Detailed description:  
The product is a ready to use wet wipe containing repellent lotion against mosquitoes and ticks to be applied on uncovered skin during summer season, when infestation is frequent.

**Application rate(s) and frequencies**

Application Rate: 4 wipes (15.56 grams of lotion)  
Dilution (%): 0%  
Number and timing of application:  
ZZS35 contains a repellent lotion based on 10% IR3535 and should be used during summer season in areas where insects are present.  
Maximum number of applications: 1 per day.

**Category(ies) of users**

General public (non-professional)

**Pack sizes and packaging material**

Pocket of 1, 5, 10, 12 and 15 wipes in PET/AL/PE with transparent patch for open/close sealing.

**4.1.1 Use-specific instructions for use**

Unfold the wipe from the pocket and apply evenly on the uncovered skin (legs, arms, neck, head, hands and feet) using 4 wipes. Do not apply on trunk.

**4.1.2 Use-specific risk mitigation measures**

--

**4.1.3 Where specific to the use, the particulars of likely direct or indirect effects, first aid instructions and emergency measures to protect the environment**

--

**4.1.4 Where specific to the use, the instructions for safe disposal of the product and its packaging**

--

**4.1.5 Where specific to the use, the conditions of storage and shelf-life of the product under normal conditions of storage**

--

**4.2 Use description**

**Use 2 - Insect repellent against mosquitoes and ticks on children (6-12 years)**

**4.2.1 Use-specific instructions for use**

Unfold the wipe from the pocket and apply evenly on the uncovered skin (legs, arms, neck, head, hands and feet) using 2 wipes for children over 6 years.  
Application to children skin should be made by an adult. Do not apply on children hands.

**4.2.2 Use-specific risk mitigation measures**

--

**4.2.3 Where specific to the use, the particulars of likely direct or indirect effects, first aid instructions and emergency measures to protect the environment**

--

**4.2.4 Where specific to the use, the instructions for safe disposal of the product and its packaging**

--

**4.2.5 Where specific to the use, the conditions of storage and shelf-life of the product under normal conditions of storage**

--

**5. General directions for use**

**5.1. Instructions for use**

Unfold wipes from packaging and apply on uncovered skin only (head, neck, hands, arms, legs, feet), avoiding contact with eyes and mouth. Do not apply on the whole body. Do not apply on children's hands.  
Close the packaging carefully in order to prevent evaporation of the substances present in the remaining wipes.  
The application of ZZS35 on children should be made by an adult to prevent that the product comes in contact with eyes and mucous membranes and to minimize the hands-to-mouth exposure of children.  
Use repellent safely.  
Always read the label or leaflet before use and follow all the instructions provided.  
Keep out of reach of children.  
Make sure to protect the eyes. Do not apply to eye area.  
Do not apply over cuts, wounds, freshly shaven or irritated skin. Do not use under clothing. Only for external use.  
Applying sun care products or cosmetic formulations after repellent use will alter the efficacy of the repellent considerably. In case of a concomitant use of the product with sunscreen, first apply the sunscreen and wait 20 minutes before the application of the product.  
In case of strong perspiration and after having taken a swim, the effectiveness will diminish.  
The use of product with other repellent products is not recommended.

**5.2. Risk mitigation measures**

- Do not use on children under 6 years old.
- Only apply outdoor or in well ventilated area.
- Only apply to uncovered parts of the body, e.g. face, hands (only adults), feet and arms and legs left uncovered by normal outdoor clothing (such as short-sleeved shirt, i.e. T-shirt, and shorts). Do not apply to the trunk.
- Do not use on children's hands. An adult should apply the product to children below 12 years of age and wash hands after application.
- Wash hands before handling food.
- Avoid hand-to-mouth contact.
- Do not apply to eye area
- Wash hands before handling food.
- To prevent contamination of food, avoid contact of treated skin with food.
- Do not use the product near food and surfaces that may come into contact with food and feed or drinks for human consumption.

### 5.3. Particulars of likely direct or indirect effects, first aid instructions and emergency measures to protect the environment

First aid instructions:

- Eye contact: remove contact lenses, if present and easy to do. Wash immediately with plenty of water for at least 15 minutes, opening the eyelids fully. If problem persists, seek medical advice.
- Skin contact: if symptoms of skin irritation occur, get medical advice/attention.
- Mouth contact: rinse mouth thoroughly with water. Get medical advice/attention.

If there are doubts or symptoms get medical advice.

If medical advice is needed, have product container or label at hand.

### 5.4. Instructions for safe disposal of the product and its packaging

- Do not discharge unused product on the ground, into water courses, into pipes (sink, toilets...) nor down the drains.
- Dispose of unused product, its packaging and all other waste in accordance with local regulations.

### 5.5. Conditions of storage and shelf-life of the product under normal conditions of storage

Keep out of reach of children.

Keep the product well-closed in its original packaging.

Do not store below 0°C and above 40°C.

Shelf-life: 1 year
