Administrative information

1.1. Trade names of the product

SZUKU szúnyog- és kullancsriasztó folyadék mechanikus pumpával
SZUKU mosquito- and tick repellent spray

1.2. Authorisation holder

Name and address of the authorisation holder	Name	Metatox Kft.
	Address	Kossuth utca 8. 5520 Szeghalom Hungary
Authorisation number	HU-2022-PA-19-00400-0000	
R4BP 3 asset reference number	HU-0029016-0000	
Date of the authorisation	12/07/2022	
Expiry date of the authorisation	08/07/2032	

1.3. Manufacturer(s) of the biocidal products

Name of the manufacturer	METATOX Peszticid Gyártó- és Forgalmazó Kft.
Address of the manufacturer	Kossuth str. 8. 5520 Szeghalom Hungary
Location of manufacturing sites	Kossuth str. 8. 5520 Szeghalom Hungary

1.4. Manufacturer(s) of the active substance(s)

Active substance	23 - N,N-diethyl-meta-toluamide
Name of the manufacturer	Vertellus Chemicals SA (acting for Vertellus LLC (United States))
Address of the manufacturer	Avenue du Port 86 C BP 204 1000 Bruxelles Belgium
Location of manufacturing sites	2110 High Point Road NC 27403 Greensboro United States

2. Product composition and formulation

2.1. Qualitative and quantitative information on the composition of the biocidal product

Common name	IUPAC name	Function	CAS number	EC number	Content (%)
N,N-diethyl-meta-toluamide	N,N-diethyl-m-toluamide	Active Substance	134-62-3	205-149-7	23
Ethanol	ethyl alcohol	Non-active substance	64-17-5	200-578-6	44,6
Isopropanol	Isopropyl alcohol	Non-active substance	67-63-0	200-661-7	12
BHT	2,6-di-tert-butyl-p-cresol	Non-active substance	128-37-0	204-881-4	0,4

2.2. Type of formulation

AL - Any other liquid

3. Hazard and precautionary statements

Hazard statements	Highly flammable liquid and vapour. Causes serious eye irritation. Harmful to aquatic life with long lasting effects.
Precautionary statements	Keep out of reach of children. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. - No smoking.

5. General directions for use

5.1. Instructions for use

Shake well before use. Spread the spray from 20-25 cm evenly over the skin surface to be protected.
When using on face, apply the repellent to the palms first then spread the product on the face avoiding contact with the eyes, and the mouth.
The product should be applied by an adult on children under 12 years old. Adults or children should not use the product more than once a day. Do not apply the product to children's palms.

Do not apply to sunburned or scarred skin, avoid contact with open wounds.
Users with known allergies or sensible skin should use the product with special care, i.e. treat only a small area of skin for the first time. Should allergic symptoms (such as rubefaction, rash, etc.) appear on the skin as a result of the use of the product, immediately remove by washing with plenty of water and soap. Once protection against insect bites is not needed any more, wash treated skin with soap and water.
The product may damage certain synthetic fibres, imitation leather, plastics, watch glass, painted and varnished surfaces.

5.2. Risk mitigation measures

Use according to the instructions.
Use only outdoors.
Preferably wear long-legged trousers and a long-sleeved shirt to reduce the amount of product needed for protection.
Wash hands thoroughly with soap and water after use and before eating.
The product contains a bitter taste (Bitrex) that prevents accidental human consumption of the product.
Make sure that the product does not get on cutlery, food or feed.
Store locked up.
Manufacturer's recommendation: pregnant and lactating women should avoid using the product if possible.

5.3. Particulars of likely direct or indirect effects, first aid instructions and emergency measures to protect the environment

Contact with eyes: wash out immediately with plenty of water. If there are contact lens in the eyes, remove them and continue rinsing for a few minutes. Consult eye-specialist in case of irritation or impaired vision persists.
Contact with skin: in case of allergic symptoms, wash affected area with plenty of water. Consult a specialist if you have persistent complaint.
Inhalation: move to fresh air.
Ingestion: Get immediate medical advice and show the label to the doctor.
Use caution when using the product to minimize the risk of splashing, dripping, and / or scattering on the ground.

5.4. Instructions for safe disposal of the product and its packaging

Dispose of waste in accordance with local, national regulations. Do not re-use container for any purpose.
Prevent entry into drains or water-bodies.

5.5. Conditions of storage and shelf-life of the product under normal conditions of storage

Shelf life of the products is 2 years.
Store the product in the original container in a dry and cool place away from heat and direct sunlight.
Protect from frost, do not store at temperatures below 0°C.
Store at temperature no greater than 35°C
Keep out of reach of children. Keep away from food, drink and animal feeding stuffs.
