

Summary of product characteristics for a biocidal product

Product name: weigoman pure

Product type(s): PT01 - Human hygiene (Disinfectants)

PT01 - Human hygiene (Disinfectants)

Authorisation number: AT-0030914-0000

R4BP 3 asset reference number: AT-0030914-0000

Table Of Contents

Administrative information

1.1. Trade names of the product

weigoman pure

1.2. Authorisation holder

Name and address of the authorisation holder	Name	Chemische Fabrik Dr. Weigert GmbH & Co. KG
	Address	Mühlenhagen 85 20539 Hamburg Germany
Authorisation number	AT-0030914-0000	
R4BP 3 asset reference number	AT-0030914-0000	
Date of the authorisation	11/08/2022	
Expiry date of the authorisation	31/07/2032	

1.3. Manufacturer(s) of the biocidal products

Name of the manufacturer	Chemische Fabrik Dr. Weigert GmbH & Co. KG
Address of the manufacturer	Mühlenhagen 85 20539 Hamburg Germany
Location of manufacturing sites	A.F.P. Antiseptica Forschungs- und Produktionsgesellschaft mbH, Otto-Brenner-Straße 16-18 21337 Lüneburg Germany

1.4. Manufacturer(s) of the active substance(s)

Active substance	1354 - Propan-1-ol
Name of the manufacturer	BASF SE
Address of the manufacturer	Carl-Bosch-Str. 38 67056 Ludwigshafen Germany
Location of manufacturing sites	BASF SE, Carl-Bosch-Str. 38 67056 Ludwigshafen Germany

Active substance	1354 - Propan-1-ol
Name of the manufacturer	Oxea GmbH
Address of the manufacturer	Rheinpromenade 4a 40789 Monheim am Rhein Germany
Location of manufacturing sites	Oxea Cooperation, 2001 FM 3057 TX 77414 Bay City United States

Active substance	1354 - Propan-1-ol
Name of the manufacturer	SASOL Chemie GmbH & Co. KG
Address of the manufacturer	Secunda Chemical Operations, Sasol Place, 50 Katherine Street 2090 Sandton South Africa
Location of manufacturing sites	Secunda Chemical Operations, PDP Kruger Street 2302 Secunda South Africa

Active substance	1355 - Propan-2-ol
Name of the manufacturer	INEOS Solvent Germany GmbH
Address of the manufacturer	Römerstrasse 733 47443 Moers Germany
Location of manufacturing sites	INEOS Solvent Germany GmbH, Römerstrasse 733 47443 Moers Germany
	INEOS Solvent Germany GmbH, Shamrockstrasse 88 44623 Herne Germany

2. Product composition and formulation

2.1. Qualitative and quantitative information on the composition of the biocidal product

Common name	IUPAC name	Function	CAS number	EC number	Content (%)
Propan-1-ol		Active Substance	71-23-8	200-746-9	14,3
Propan-2-ol		Active Substance	67-63-0	200-661-7	63,14

2.2. Type of formulation

AL - Any other liquid

3. Hazard and precautionary statements

Hazard statements

Highly flammable liquid and vapour.
 Causes serious eye damage.
 May cause drowsiness or dizziness.

Precautionary statements

Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. - No smoking.
 Do not breathe vapours.
 Wear eye protection.
 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
 If eye irritation persists: Get medical advice.
 Dispose of contents to an approved waste treatment plant.

4. Authorised use(s)

4.1 Use description

Use 1 - hygienic handrub

Product type

PT01 - Human hygiene (Disinfectants)

Where relevant, an exact description of the authorised use	The product is intended to be used for the control of bacteria (excluding bacterial spores), tuberculosis bacilli, yeasts and enveloped viruses for hygienic handrub in healthcare facilities and industry.
Target organism(s) (including development stage)	<p>Scientific name: other Common name: Bacteria Development stage:</p> <p>Scientific name: other Common name: Tuberculosis bacteria Development stage:</p> <p>Scientific name: other Common name: Yeasts Development stage:</p> <p>Scientific name: other Common name: Enveloped viruses Development stage:</p>
Field(s) of use	<p>Indoor</p> <p>The product is applied for hygienic handrub in all situations necessary, e.g. - hospitals and other health care institutions such as in ambulances, surgeries and nursing homes (incl. home-care of patients) - hospital canteens, large kitchens, pharmaceutical industries, production sites and laboratories</p>
Application method(s)	<p>Method: Health protection Detailed description: It is a ready-to-use product which shall be rubbed undiluted into the hands.</p>
Application rate(s) and frequencies	<p>Application Rate: see use-specific instructions for use Dilution (%): Undiluted; ready-to-use product Number and timing of application: There is no restriction in the number and timing of applications. No safety intervals need to be considered between the application phases. The product may be used at any time and as often as required.</p>
Category(ies) of users	Professional
Pack sizes and packaging material	100, 500, 1000 ml in HDPE bottles with PP flip top caps; 5000 ml HDPE canister with HDPE screwed cap.

4.1.1 Use-specific instructions for use

The ready-to-use product shall be rubbed undiluted into the hands. Contact time: 30 sec.
Dosage: At least 3 ml (use dispensers: e.g. set to 1.5 ml per stroke, 2 x per 3 ml).

4.1.2 Use-specific risk mitigation measures

Not relevant, see general directions for use

4.1.3 Where specific to the use, the particulars of likely direct or indirect effects, first aid instructions and emergency measures to protect the environment

No specific instructions, see general directions for use

4.1.4 Where specific to the use, the instructions for safe disposal of the product and its packaging

No specific instructions, see general directions for use

4.1.5 Where specific to the use, the conditions of storage and shelf-life of the product under normal conditions of storage

No specific instructions, see general directions for use

4.2 Use description

Use 2 - surgical handrub

Product type

PT01 - Human hygiene (Disinfectants)

Where relevant, an exact description of the authorised use

The product is intended to be used for the control of bacteria (excluding bacterial spores), tuberculosis bacilli, yeasts and enveloped viruses for surgical handrub in healthcare facilities.

Target organism(s) (including development stage)

Scientific name: other
Common name: Bacteria
Development stage:

4.2.1 Use-specific instructions for use

The ready-to-use product shall be rubbed undiluted in portions into the hands and forearms. Contact time: 90 s
Dosage: Rub sufficient amount in portions of 3 ml (use dispensers: e.g. set to 1.5 ml per stroke, 2 x per 3 ml).

4.2.2 Use-specific risk mitigation measures

Not relevant, see general directions for use

4.2.3 Where specific to the use, the particulars of likely direct or indirect effects, first aid instructions and emergency measures to protect the environment

No specific instructions, see general directions for use

4.2.4 Where specific to the use, the instructions for safe disposal of the product and its packaging

No specific instructions, see general directions for use

4.2.5 Where specific to the use, the conditions of storage and shelf-life of the product under normal conditions of storage

No specific instructions, see general directions for use

5. General directions for use

5.1. Instructions for use

It is a ready-to-use product which shall be rubbed undiluted into the hands and forearms. The product can be applied directly or the product can be used in a dispenser or with a pump. For professional use only.

5.2. Risk mitigation measures

Not applicable, no risk mitigation measures necessary for the products of the BPF.

5.3. Particulars of likely direct or indirect effects, first aid instructions and emergency measures to protect the environment

First-aid measures general: Move the affected person away from the contaminated area. Get medical advice/attention if you feel unwell. If possible show this sheet.
First-aid measures after inhalation: Allow victim to breathe fresh air. Call a POISON CENTER or doctor/physician if you feel unwell.
First-aid measures after skin contact: Remove/Take off immediately all contaminated clothing. Wash contaminated clothing before reuse. Wash with plenty of soap and water.
First-aid measures after eye contact: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
First-aid measures after ingestion: Rinse mouth. Drink plenty of water as a precaution. Do NOT induce vomiting. Get medical advice/attention if you feel unwell.
Accidental release measures:
Stop leak if safe to do so. Remove ignition sources. Use special care to avoid static electric charges. No open flames. No smoking. Prevent entry to sewers and public waters.
Wipe up with absorbent material (for example cloth). Soak up spills with inert solids, such as clay or diatomaceous earth as soon as possible. Take up mechanically (sweeping, shovelling). Dispose of in accordance with relevant local regulations.

5.4. Instructions for safe disposal of the product and its packaging

Disposal must be done according to official regulations. Do not empty into drains. Do not dispose of with domestic waste. Dispose of contents/container to an authorised waste collection point. Empty the packaging completely prior to disposal. When totally empty, containers are recyclable like any other packing.

5.5. Conditions of storage and shelf-life of the product under normal conditions of storage

Requirements for storage rooms and vessels:

shelf-life: 24 months

Store in dry, cool, well-ventilated area. Keep container tightly closed. Keep out of direct sunlight.

Recommended storage temperature: 0-30°C

Advice on storage assembly:

Keep away from food, drink and animal feedingstuffs. Keep away from combustible material.

6. Other information
