

9 Classification and labelling

IR3535® is currently not classified in Annex I to the Directive 67/548/EEC.

The following classification and labelling for the active substance IR3535® is proposed by the applicant:

Hazard symbol(s):	none
- Indications of danger:	none
Risk phrases:	none
Safety phrases:	none

Justification

The above proposed classification and labelling requirements are in line with the findings presented in the dossier (please refer to the respective Document IIIA Section Points) for the relevant physico-chemical, toxicological and ecotoxicological studies with IR3535®.

Section A10

Summary and Evaluations of Sections 2 to 9

Please refer to Doc. IIA.
