

FirstName	Sanna
FamilyName	Koivisto
Country	Finland
SubmitterType	MemberState
MemberStateName	Finland
ProductType	PT08
GeneralComments	<p>There are in total 29 PT8 products/product families on the Finnish market of which two contain boric acid. There are at least two specific uses for which no alternative products are available (except a product containing disodium octaborate tetrahydrate), namely preventive and curative treatment of dry rot (<i>Serpula lacrymans</i>) and remedial/curative in-situ treatment of wood rotting fungi in supporting foundations (wooden piles and grillages). The details of the products are given in the attached table.</p>
SubstanceName	Boric acid
