Decision

The Norwegian Environment Agency hereby grants Rütgers Organics GmbH a postponement of the expiry date for the authorisation for the biocidal product family Impralit ACA protect family on the Norwegian market. The expiry date is postponed from 9 June 2024 to 28 July 2025.

The product is mutual recognised in Norway under the terms and conditions as described in the final Norwegian Summary of Product Characteristic (SPC) attached to the R4BP3 asset no. NO-0022175-0000. The final SPC can also be found on the website of the European Chemicals Agency here: [Information on biocides - ECHA \(europa.eu\)](https://echa.europa.eu/information-on-biocides).

The grant of extension of expiry date is given in accordance with Article 31(7) of Regulation (EU) No 528/2012 (the Biocidal Products Regulation, BPR).

Background

The Biocidal Products Regulation is implemented in Norwegian law through the Norwegian Biocide Regulation of 18 April 2017 No. 480.

The reference Member State for the renewal of the biocidal product family, Czech Republic, have extended the authorisation for Impralit ACA protect family until 28 July 2025. For authorisations that are mutual recognised, it is agreed among the Member States that these authorisations shall have the same expiry date as the national authorisation granted by the reference Member State (c.f. CA-Sept14-Doc.5.7 -Final).

The current expiry date for the Norwegian authorisation is 9 June 2024.
