5. General directions for use 5.1. Instructions for use
To use the product, unscrew the cap, remove it and place or stick the trap as close to the nuisance area as possible. Dry the yellow funnel with a piece of kitchen paper to remove traces of the attractant. This helps in luring the fruit flies inside of the trap more quickly. It is advised to place the trap near the place where you store your fruit, empty bottles or near the trashcan, since those places are often where the fruit flies reside.  One trap can be used to treat a space with a volume of 30 m³. The product is for single use only. Do not re-close the trap after it has been opened. Discard the trap when it is full or when the nuisance has disappeared.
5.2. Risk mitigation measures
None.
