## Administrative information

### 1.1. Trade names of the product

Predator Junior
-----------------

### 1.2. Authorisation holder

<b>Name and address of the authorisation holder</b>	Name	Leroy Cosmetics s.r.o.
	Address	Nejdecká 600 61944 Lednice Czech Republic
<b>Authorisation number</b>	CZ-0031370-0000 1-1	

<b>R4BP 3 asset reference number</b>	CZ-0031370-0001
<b>Date of the authorisation</b>	08/11/2023
<b>Expiry date of the authorisation</b>	08/11/2033

### 1.3. Manufacturer(s) of the biocidal products

<b>Name of the manufacturer</b>	Leroy cosmetics s.r.o
<b>Address of the manufacturer</b>	Nejdecká 600 69144 Lednice Czech Republic
<b>Location of manufacturing sites</b>	Nejdecká 600 69144 Lednice Czech Republic

### 1.4. Manufacturer(s) of the active substance(s)

<b>Active substance</b>	1320 - Ethyl butylacetylaminopropionate
<b>Name of the manufacturer</b>	Merck KGaA
<b>Address of the manufacturer</b>	Frankfurterstrasse 250, F129/004 64293 Darmstadt Germany
<b>Location of manufacturing sites</b>	Frankfurterstrasse 250, F129/004 64293 Darmstadt Germany

## 2. Product composition and formulation

### 2.1. Qualitative and quantitative information on the composition of the biocidal product

Common name	IUPAC name	Function	CAS number	EC number	Content (%)
Ethyl butylacetylaminopropionate		Active Substance	52304-36-6	257-835-0	15
Ethyl alcohol	ethanol	Non-active substance	64-17-5	200-578-6	30,59
Water	water	Non-active substance	7732-18-5	231-791-2	15
Isobutane		Non-active substance	75-28-5	200-857-2	30
Butane		Non-active substance	106-97-8	203-448-7	3
Propane		Non-active substance	74-98-6	200-827-9	6
menthol		Non-active substance	89-78-1	201-939-0	0,4
Denatonium benzoate	phenylmethyl-[2- [(2,6-dimethylphenyl)amino]-2-oxoethyl]-diethylammonium benzoate	Non-active substance	3734-33-6	223-095-2	0,01

### 2.2. Type of formulation

AE - Aerosol dispenser

## 3. Hazard and precautionary statements

**Hazard statements**

Extremely flammable aerosol.

Contains gas under pressure; may explode if heated

Causes serious eye irritation.

**Precautionary statements**

Keep out of reach of children.

Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. - No smoking.

Do not spray on an open flame or other ignition source.

Do not pierce or burn, even after use.

Do not breathe spray.

Avoid release to the environment.

Protect from sunlight. Do not expose at temperatures exceeding 50 °C/122 °F.

Dispose of contents to waste collection point.

Dispose of container to waste collection point.

**4. Authorised use(s)****4.1 Use description****Use 1 - Application on skin and clothing****Product type**

PT19 - Repellents and attractants (Pest control)

**Where relevant, an exact description of the authorised use**

Application on skin and clothing from a distance 20-30 cm.

**Target organism(s) (including development stage)**

Scientific name: Culicidae:  
Common name: Mosquitoes  
Development stage: Adults

Scientific name: Ixodidae:  
Common name: Ticks  
Development stage: Adults

Scientific name: Ixodidae:  
Common name: Ticks  
Development stage: Nymphs

**Field(s) of use**

Indoor

Outdoor

Indoor and outdoor

**Application method(s)**

Method: Open system: spray treatment  
Detailed description:  
Application on skin and clothing from a distance 20-30 cm.

**Application rate(s) and frequencies**

Application Rate: 0.5 g of the product per cm<sup>2</sup> of skin  
Dilution (%): 100  
Number and timing of application:

Protector Cool (20% of the active substance): This product can be used once per day with the dosing of 7.31 g, 4.05 g and 2.99 g in adults, children from 6-12 years old and children from 2-6 years old, respectively.  
Effective as a repellent against mosquitoes and ticks with complete protection time of 6 hours at the above application rates of the product (one gram/one second)

Predator Junior (15% of the active substance): This product can be used once per day with the dosing of 7.61 g, 4.21 g, 3.11 g, 2.19 g and 1.88 g in adults, children from 6-12 years old, children from 2-6 years old, toddlers (1-2 years old) and infants (6 months to 1 year old).  
Effective as a repellent against house mosquitoes and ticks with complete protection time of 4 hours, at the application rates of the product (one gram/one second)

**Category(ies) of users**

General public (non-professional)

**Pack sizes and packaging material**

Aerosol can, Metal: 150 ml  
  
pressured aluminium bottle with sprayer and safety cap  
  
safety cap

**4.1.1 Use-specific instructions for use**

See General directions for use

**4.1.2 Use-specific risk mitigation measures**

See General directions for use

**4.1.3 Where specific to the use, the particulars of likely direct or indirect effects, first aid instructions and emergency measures to protect the environment**

See General directions for use

#### **4.1.4 Where specific to the use, the instructions for safe disposal of the product and its packaging**

See General directions for use

#### **4.1.5 Where specific to the use, the conditions of storage and shelf-life of the product under normal conditions of storage**

See General directions for use

### **5. General directions for use**

#### **5.1. Instructions for use**

The product can be applied directly onto the uncovered human skin from a distance of about 20-30 cm. Over face and neck, the product should be spread by hand. For children do not apply the product directly on hands.

#### **5.2. Risk mitigation measures**

Spray only in a direction away from your face.  
Do not inhale.  
The product can be applied directly onto the uncovered human skin from a distance of about 20-30 cm.  
Over the face and neck, the product should be spread by hand.  
Do not apply on sunburnt or damaged skin and near eyes and lips. For children, do not apply the product directly on hands.  
Do not allow this product to reach aquatic environments, the sewer system or the ground. In case of bigger releases inform the authorities.

#### **5.3. Particulars of likely direct or indirect effects, first aid instructions and emergency measures to protect the environment**

First aid measures: In case of unconsciousness, place the affected person into the recovery position, with the head slightly tilted backward. Make sure air passages are unhindered, never intentionally induce vomiting. If the affected person vomits, make sure they do not aspire vomit.

Inhalation: Remove patient to fresh air and ensure quiet and comfort for body. Do not let the patient get cold. If the problems do not recede, seek medical assistance/advice.

Eye contact: Flush with plenty of pure water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing for 10 minutes. In case of persistent inflammation, seek medical advice.

Swallowing: Rinse mouth with water provided the affected person is conscious. Do not induce vomiting; instantly seek medical help.

Person-related safety precautions: Prevent contact with source of ignition (fire, unshielded electrical bulbs). Ensure sufficient ventilation and prevent inhalation of gaseous products. Use protective equipment, in case of fire use protective clothing and self contained breathing apparatus.

Measures for environmental protection: Prevent from spreading or entering into the sewers, drains, ditches, streams or rivers. In case of bigger releases, inform the authorities.

Measures for cleaning/collecting: If possible, gather the spilled material together. Use a suitable sorbent to absorb the material (i.e., inert powdered material such as sand or lime). Place the spent sorbent in a suitable container for recovery or destroying according to the regional legislation.

#### 5.4. Instructions for safe disposal of the product and its packaging

The product, its packaging and material contaminated with the product, must be disposed of as hazardous waste by passing to the licensed waste disposal site.  
EWC: 20 01 19\* Pesticides

#### 5.5. Conditions of storage and shelf-life of the product under normal conditions of storage

Store the product in tightly closed original containers in upright position. Keep container closed when not in use. Store in a cool, dry and well-ventilated area away from incompatible substances (strongly oxidative agents), high temperature and sources of ignition. Keep away from food, drink, fresh water and feed. Storage temperature is from 0 to 30°C. Keep out of reach of children. No smoking. Pressurized container: protect from sunlight and do not expose to temperatures exceeding 50 °C.

Shelf-life: four and a half years
